LEXINGTON, N. C.

Preface

Population Greater Lexington, 16,327

FOUNDED by pioneers in pre-Revolutionary War Days and given the name "Lexington" shortly after the battle of Lexington, Massachusetts, in 1774, the present city of Lexington, North Carolina, was put on the map by act of the N. C. Legislature in 1822 immediately following the separation of Davidson and Rowan Counties. The city is located in the center of Davidson Couny, in an area noteworthy because of its beautiful farms, the great number of textile, wood-working and hosiery plants and extensive dairying.

LEXINGTON, the county seat of Davidson County, has an elevation of 809.4 feet and an area of 3.7 square miles. Citizens enjoy a climate which is mild, equitable and free from severe storms. The average mean temperature is 62 degrees and the average rainfall is 51 inches. The growing season is approximately 210 days.

THE POPULATION of the City of Lexington, according to the 1950 census was 13,562. The present City Directory population is 16,327 with more than 99 percent of this number native-born. The population of Davidson County is 62,625.

THE GOVERNMENT is of the managerial type and is vested in a City Manager, a Mayor and six Councilmen who are progressively administering the affairs of the city to provide the necessary facilities required for continued growth and prosperity.

UTILITIES, including water, electric power and gas, are provided city residents at low rates. A modern water and sanitary system and light and power system is city-owned, with current for the latter purchased from Duke Power Company. The Piedmont Gas Company and the North Carolina Gas Corporation furnish gas service, and REA service, operating from a modern new plant just outside the city limits, provides electric power for rural residents.

TAX RATES for the city are set at $1.40 per hundred. Total real estate evaluation in 1950 was $10,395,000. A basic tax rate of .83 per hundred has been established for property outside the corporate limits.

ORGANIZED 1898

Are You Properly Represented In It?

The Classified portion catalogues the professions and goods handled here

Are You Listed Under Your Proper Heading
So the Prospective Buyer Can Find You?

"Think It Over"

THE CITY DIRECTORY

places the city on the map and is its only representative to the world beyond the city gates.

It is the city's catalogue of business and represents the city, its citizens, business enterprises and institutions in every corner of the United States.

It is, therefore, the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication can or does.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

PUBLISHERS

15 RANKIN AVENUE
ASHEVILLE, N. C.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation; placing the test of reference publicity upon its accessibility to seekers ,rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
